February 2021  
Issue 21-01

Dear friends and supporters:

Happy Chinese New Year to you!!

We continue our work in Europe by carrying out all networking, meetings and trainings online with which many of you could have great experiences already and have been patient in the last eleven months. However, we are all witnessing and taking part in this change of pace in work and lifestyle on the history page in our millennium. We only can march forward boldly, confidently and with reliance on our Good Lord. Looking forward to year 2021, we wish you safety, happiness and revived spirit, full of hope and peace in the Lord!!

We stay put with our family in Edmonton, understanding the need and risk factors we take for an elderly mother, and our two children working at the Covid frontline in Canada. Our daughter the youngest in the family is finishing her university degree online since the campus is closed. Gus and Annie enjoyed the three months rest since the repatriation from the United Kingdom in 2020/August. Locally in Canada, we got to preach and share online in some churches and mission conferences since November, though we could not be traveling to meet and greet any congregations during the lockdown etc. in the pandemic. We cherish their supports to our continuous mobilization ministry in Europe, both prayerfully and financially. We thank you too for your love and encouragement in the past challenging months from everywhere, particularly in both Canada and the United Kingdom.

Over the continents, Gus maintains the momentum with Simply Mobilizing in the UK and the Global Regional Team in Europe in the last half year by meeting, praying and training with colleagues in Europe and beyond, from a different time zone as you can imagine. This may continue in the next while before the pandemic is over and any travel restrictions are lifted. Praise God for giving us strength, stamina and perseverance to handle all these. Praise God for connecting Gus with the North American team (Canada and USA) to take lead in rolling out the Interface Seminar for mobilizers, pastors and leaders in these countries.

Rejoice with us and thank God for:-

- the online TUS training for OMF-UK in June last, and the speaking at their November conference.
- Interface Seminar and Mobi-101 Seminar for all Europe-NCTs.
- Consultation with Hong Kong Alliance Mission and CACCUK for rolling out SM Courses in the UK.
- Coordination with SM-Malaysia for cross-region training for Chinese diaspora in the Netherlands and in the UK.
- Contribution of articles to Herald-UK Monthly, a Christian Newspaper, since the beginning of 2021, with mission topics.
- Assisting in running the Interface Seminar for two churches in Canada West.
- The opportunity in exploring with China-NCT and Canada-NCT together for the diaspora mobilization in Italy. We see the faithfulness of the Lord in unfolding to us what is "Mission Anytime, Mission Anywhere".

Remembering the need of all our overseas co-workers, we ask you to also remember the support to GAF (Global Advance Fund) which allows them to stay and work in the respective fields and countries. In the meantime, please also pray for us in the following areas:-

- 1, Pray for obedience and humility in responding to God's calling for the work in Europe.
- 2, Pray for opening of doors with SM tools in motivating and mobilizing churches and leaders, denominations and organizations to become missional.
- 3, For Diaspora mobilization in Europe, may God use Pastor Gus in his positions (see below) with Simply Mobilizing SM-UK and SM-Europe to effect motivation and training of leaders in churches, denominations and organizations, and pray for Annie who was a Church-Coordinator in London, and is an UK-Kairos facilitator.
  - a. SM-Europe GRT (Global Regional Team) responsible for Diaspora Coordination, and CLC-Europe (Chinese Language Coordinator).
  - b. SM-UK NCT (National coordination Team) for course training in England and Wales, particularly for the Chinese Diaspora churches in both English/Cantonese/Mandarin.
- 4, Pray for our fund-raising campaign in Canada as self-funded IWs on the Silk Road with Global Ministries under C&MA-Canada, that we are able to rely on His Provisions to our account "European Mobilization Fund".

For donations to support our ministry in Europe, please do the following:-

First go online to [www.cmacan.org/gaf/](http://www.cmacan.org/gaf/), then roll down until you see a blue button "Donate". Click on it and fill out the necessary boxes. Select "European Mobilization Fund" under "Fund".

Kind regards to you. May mercy, peace and hope be multiplied to you entering this new year of 2021!!

Gus and Annie
