

Bibles Please

Last month, a listener to the Way of Righteousness radio program in Tamajaq called and asked for a Bible in Tamajaq and one in French. He first called in December to say how much he appreciated the messages. Later, he asked what the objective of the radio program was. The reply: So that Tamajaq speakers could come to know the true and only road to God. Just before the call for the Bibles, this listener asked about the death of Moses and the crucifixion of Jesus.

A Tuareg believer drove out to visit the listener and brought him the Bibles as requested. Twenty new calls were received from listeners of this radio program across Niger in January and February. However, in late January,

some listeners who received extra programs by WhatsApp asked to stop receiving them because they did not want to become Christians.

Please continue to pray with us and our partners for the listeners to these Tamajaq radio programs. May the listener who received the Bibles also receive true spiritual freedom in Christ. We boldly pray for the terrorists and the people they displace to hear about the true way to have peace with God.

The picture above is of a village that is now deserted because of insecurity. May the grace and peace of our Heavenly Father and our Lord Jesus Christ come upon Niger.

Thank you for your selfless prayers for Niger.
Ace & Cecilia.
